Medical MANAGEMENT
A.M.M. is a medical management company that concentrates strictly in the area of inmate health care in several aspects. One aspect is reviewing your facility's health care operations against N.C.C.H.C./F.C.A.C. and. Florida Model Standards guidelines for clinical compliance. Another is looking at how efficiently the health care units operate.

Pencil Sketch in Photoshop

Hi CAFE Crew, here is a brand new tut for you all. This is an old favorite of mine. How to turn a photo into a pencil sketch in photoshop. This is actually really easy to do and it gets quite good results too. As usual, I'll provide a few creative jump off points at the end for your own experimentation.

Vector Image

Vector graphics use 2D point located polygons to represent images in computer graphics. Each of these points has a definite position on the x- and y-axes of the work plane and determines the direction of the path; further, each path may be assigned various attributes, including such values as stroke color, shape, curve, thickness, and fill

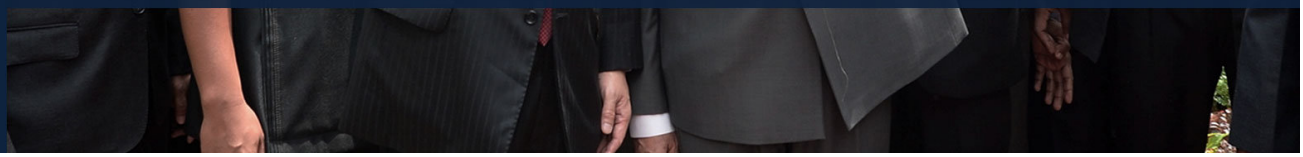
Vector image to JPEG

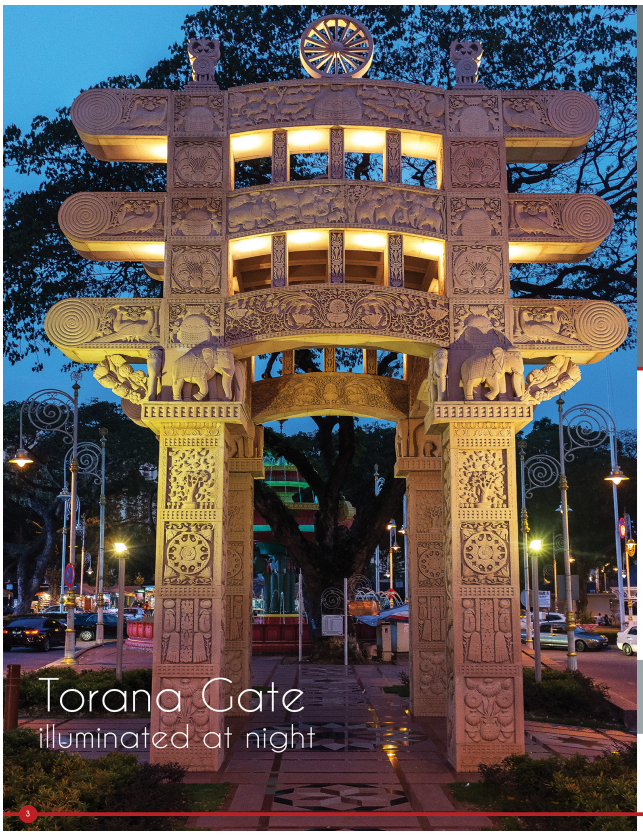
Vector Magic analyses your image and automatically detects appropriate settings to vector it with, and then goes ahead and traces out the underlying shapes in full color. This makes getting started a real breeze: just upload your image and presto, a result to review!

A GIFT FROM INDIA TO MALAYSIA

TORANA GATE

Hon'ble Prime Minister of **Malaysia H.E.Dato' Sri Najib bin Tun Razak** and the Hon'ble Prime Minister of **India Shri Narendra Modi** waving to the crowd.





Torana Gate
illuminated at night

3

INTRODUCTION

Torana is an elaborate gateway, usually in Buddhist, Hindu and Jain traditions, defining the entrance to a shrine, stupa or temple. Such gateways are one of the remarkable specimens of Indian art and architecture. The Torana Gate in Kuala Lumpur has been designed on the model and proportions of the Torana Gates at the Great Sanchi Stupa. The Great Stupa at Sanchi is one of the oldest stone structures in India commissioned by Emperor Ashoka in 3rd Century B.C. Four monumental elaborately carved Torana Gates dating back to First Century B.C. encircle the Stupa structure. Each gateway, having extensive carvings, is in the form of three curviformed architraves springing between two columns and cantilevered outward with decorative spiraling ends. The subject-matter of the carvings on the gateways may be broadly classified as scenes from the Buddhism as well as other scenes and decorations. These monuments are UNESCO Heritage sites.

THE DESIGN

While generally Torana Gates are single plane structures, the design of the Torana Gate in Kuala Lumpur merges two Torana Gates with a patterned ceiling comprising carved stone panels, thereby creating a pavilion.

The total height, from ground up to the Chakra on top, is 10.4 meters and width at its maximum point is 7.3 meters. Each facet of the Gate has been adorned with decorative motifs and carvings, in buff-coloures sandstone panels from India. The artwork has been sensitively designed to convey rhythm,symmetry & decorative beauty, while remaining a timeless reminder of Indian craftsmanship.

The ceiling of Torana Gate has been designed with ribs running in both directions. The 24 coffers have intricate floral carvings.

4

Torana Gate
A jewel in the heart of Kuala Lumpur

1

Torana Gate
A Gift From india to Malaysia

Hon'ble Prime Minister of India His Excellency Shri Narendra Modi visited Malaysia between 21-23 November, 2015, for an official bilateral visit, as well as to attend the India – ASEAN Summit and the East Asia Summit. The highlight of the visit was the joint inauguration of the Torana Gate in Little India,Brickfield in Kuala Lumpur by the Hon'ble Prime Minister of Malaysia H.E. Dato Sri Najib bin Tun Razak and the Hon'ble Prime Minister of India Shri Narendra Modi on 23 November, 2015.

The Prime Ministers of India and Malaysia hailed the Torana Gate as a symbol of India-Malaysia friendship and a high-point of the historical and cultural relationship between the two countries. At the inaugural, the Hon'ble Prime Minister of Malaysia observed that the Torana Gate will become a new landmark in Kuala Lumpur and marks another high point in the long-standing history of good relations between Malaysia and India.

The Hon'ble Prime Minister of India mentioned that the Torana Gate is not merely a piece of art carved out of stone but it also connects two great nations and two great cultures. He recalled the message of Peace of Lord Buddha, which spread across Asia over the centuries. The Torana Gate in Little India is a gift from the Government of India to Malaysia.

Joint inauguration of Torana Gate by the Hon'ble Prime Minister of Malaysia H.E. Dato' Sri Najib bin Tun Razak and the Hon'ble Prime Minister of India Shri Narendra Modi on 23 November, 2015
